About Us

Since its inception in 1992, Solar HRM has been a story of constant growth and expansion which has helped us in carving a special niche for the organization in the Overseas Recruitment industry of India. With a dedicated team of 50+ team of professionals, we have a huge and constantly growing client base, thanks to our philosophy of providing quality services to all our clients. We take pride in our service delivery model and excellent client relationship even in today's age of cut-throat competition, which has helped us to position ourselves as one of the most trusted brands in the Recruitment industry.

Solar HRM today is one of the best known overseas Recruitment brands awarded 5 Star rating by Ministry of External Affairs, Government of India. Since commencement, Solar HRM has widened its scope to identifying & supplying Qualified, Experienced and Dedicated Human Resource Promote and Establish Joint Industrial venture catering to all levels of requirements in Asia and G.C.C countries with the main focus on the Middle East. Solar HRM has a distinct competitive advantage with a solid base of clients in the Middle East; Chief among them is the pre-eminent ETA Ascon Star Group, a pioneering and highly respected corporate entity in the UAE, whose entire recruitment requirements are covered by Solar HRM.

We maintain very cordial relation with Airlines, Government Authorities and Foreign Diplomatic Missions to achieve our aims. We do not purge records of any candidate after he/she is selected. They remain part of our history for future reference.

“We believe that hard work and quality services are two critical success factors that contributed to our leadership position and with your trust and patronage we hope to retain this lead.”

MD'S Message

Solar HR Management Pvt. Ltd., has grown by leaps and bounds over the last **27 years** in the exhilarating **Overseas Recruitment and Consultation Field**. Through our combined hard work and effort, we have become one of the top names in India as per Ministry of External Affairs, Government of India for Strategic Human Resource Manpower Recruitment and manpower solutions Company.

In a short span we have moved very quickly to gain recognition and win plaudits from Clients in diverse and competitive segments including facility management, electro mechanical, civil construction, oil and gas, health care, production and manufacturing, and retail etc.

The constant search for perfection is one of the key reasons that we were able to gain momentum in our quest to serve and stand amongst the best.

Our ISO 9001:2008 certificate is a testament to our emphasis on Quality management.

Our team comprises of qualified and experienced HR outsourcing professionals, dedicated and committed to meet the strategic goals of our organization and that of our Clients. The sheer hard work and sincerity of our team is the essence of our existence and constant growth. We ensure that our work is aligned to our strict pillars of trust, quality, reliability and teamwork.

The challenges we faced throughout our journey have helped us to hone our ability to adapt to the fast-changing business environment and customer requirements.

Solar HR looks to contribute effectively to the success of all our clients and continue to serve with diligence and innovation.

With best regards

Syed Akbar Ali

Managing Director

Values

Integrity :

We embrace and uphold the highest standards of personal and professional ethics, honesty and trust. Because we stand for passion, performance and probity in business.

Respect :

We treat everyone with uncompromising respect, civility and fairness.

Empowerment :

We are empowered to deliver operational excellence through innovation and leadership at all levels.

Responsibility :

We are responsible to fulfill our commitments to colleague and clients with a clear understanding of the urgency and accountability inherent in those commitments.

Mission :

To develop a quality and innovative recruitment solution that is driven by passion and focused on the needs of our clients and job Seekers.

Vision :

To develop long-term relationship with our esteemed clients through complete client satisfaction. To be the partner of choice by providing highly skilled manpower and services in a timebound manner by understanding the client's need and executing drive effectively and efficiently.

Hospitality :

Hospitality is the relationship between a guest and a host, wherein the host receives the guest with goodwill, including the reception and entertainment of guests, visitors, or strangers. Louis, chevalier de Jaucourt describes hospitality in the Encyclopédie as the virtue of a great soul that cares for the whole universe through the ties of humanity.

Facility Management :

Facility Management (FM) is a professional management discipline focused upon the efficient and effective delivery of support services for the organizations that it serves. The International Organization for Standardization (ISO) defines facility Management as the "organizational function which integrates people, place and process within the built environment with the purpose of improving the quality of life of people and the productivity of the core business.

Civil Industry :

Civil construction falls in the category of civil engineering which is all about designing, constructing and maintaining the physical and naturally built environment. Civil construction is the art of building bridges, dams, roads, airports, canals, and buildings.

Civil engineering is the oldest disciplines of engineering. Since the very beginning of the human existence, it has been the aspect of life. One of the main aspects of civil construction is structural engineering. It helps in designing the structure in a way that it is able to support itself successfully along with resisting loads. The stability of the design will serve as the foundation of civil construction.

Electro Mechanical :

Electro-mechanical technicians test and operate machines in factories and other worksites. They also analyze and record test results, and prepare written documentation to describe the tests they performed and what the test results were.

Electro-mechanical technicians install, maintain, and repair automated machinery and computer-controlled mechanical systems in industrial settings. This kind of work requires knowledge and training in the application of photonics, the science of light. The technological aspects of the work have to do with the generation, control, and detection of the light waves so that the automated processes can proceed as designed by the engineers.

Electro-mechanical technicians also test, operate, or maintain robotic equipment at worksites. This equipment may include unmanned submarines, aircraft, or similar types of equipment for uses that include oil drilling, deep-ocean exploration, or hazardous-waste removal. These technicians also work on energy projects involving solar power and wind.

Oil and Gas :

Operation & Maintenance Services for Oil and Gas Production Facilities. Dietsmann is dedicated to planning and managing the Operation & Maintenance of oil & gas plants to ensure that safe operational performance is optimized, that availability is maximized and that cost is minimized.
